**COMMENTS:**

The June 24, 2004, amendments removed all previous language proposing the new Veterans Quality of Life Fund, and added new language that would allow the controller to allocate moneys previously designated to the former National World War II Veterans Memorial Trust Fund.

The National World War II Veterans Memorial Trust Fund appeared for designation only on the 2000 personal income tax return. However, the originating legislation had no appropriation mechanism, and the Controller's Office was unable to allocate the moneys designated to the fund recipient. This bill would allow the money designated to the fund to be allocated to the American Battle Monuments Commission.

This bill would not impact the policies or programs of the department or state income tax revenue.
